

COMPANY PROFILE

ABOUT US

Cellonex is a wholly South African company that focuses on cell culture technology. With over two decades of experience in these fields, its staff are dedicated to providing high-quality products available to local and regional research institutions.

Cellonex is equipped with the capacity to provide cost-sensitive solutions to small, medium and large laboratories. Technical expertise, reliability and customer friendliness are the guiding principles of all our processes.

Cellonex strives to innovate with due regard to client needs, cost-effectiveness and quality.
