Innovation - The next spin changes everything!

From 1397 to 1 Global Warming Potential

Up to 14% less energy consumption

High throughput.
Low impact.

Blood processing is about to level up!

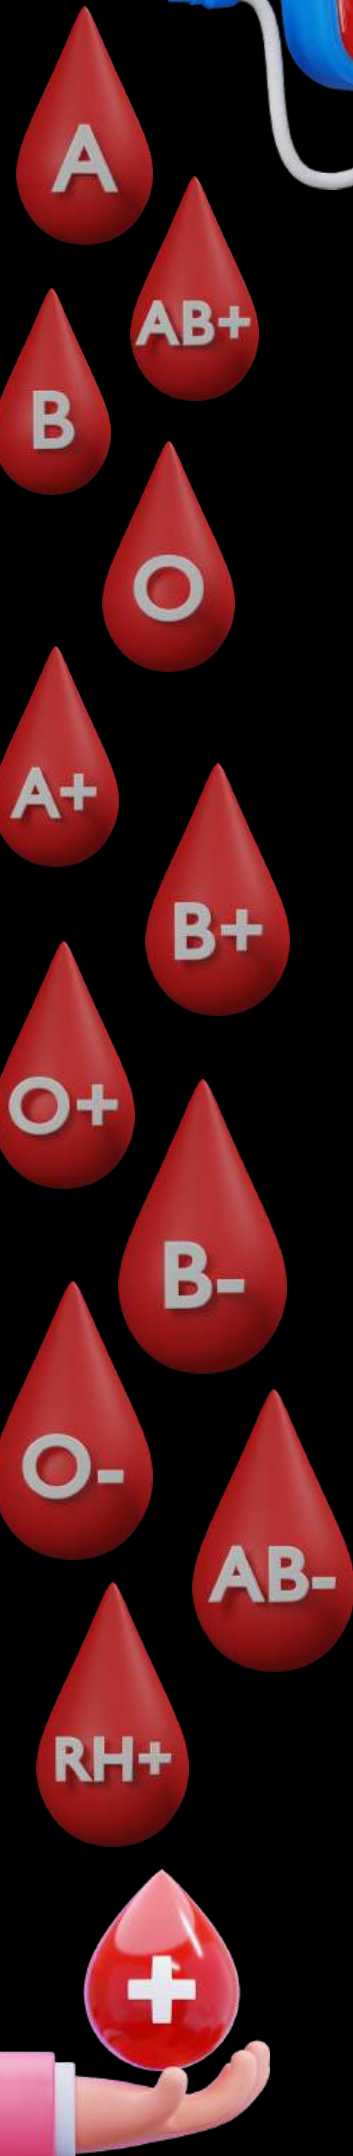

60 kg (132 lbs) less weight

4 dB(A) (50%) reduced noise

Big reductions and even Bigger impact.

What if less
could do more?

This is not an
upgrade, it's a
reset!
